

Agrément South Africa (ASA) Shines at Big 5 Construct South Africa 2024

ASA proudly participated as an exhibitor at the Big 5 Construct South Africa, held from 04-06 June 2024, at Gallagher Estate in Midrand. The event brought together leading industry professionals, offering a platform for showcasing cutting-edge innovations and fostering meaningful connections.

The ASA booth attracted significant attention, with visitors keen to learn more about our latest innovative advancements and solutions. Our team demonstrated a range of innovative products and services designed to address current industry challenges and enhance construction efficiency and sustainability.

Mr. Simangaliso Hlengwa, Executive Manager: Technical Services, along with his dedicated Technical Services Team, were on hand to attend to existing and potential clients. They provided detailed insights in ASA offerings and discussed how ASA solutions can meet the evolving needs of the construction industry.

The event provided an excellent opportunity for ASA to engage with a diverse audience, exchange ideas, and establish valuable partnerships within the construction sector. ASA also participated in several insightful panel discussions and networking sessions, furthering the organisation's commitment to contributing to the industry's growth and development.

We extend our heartfelt thanks to everyone who stopped by our booth and expressed interest in our offerings. Your support and engagement were truly appreciated. ASA is excited to continue these conversations and explore new collaboration opportunities.
